Gold processed. Smart choice.

MINAMI NUTRITION

The Minami Five - 5 Reasons Why You Should Choose Minami

- 1. Supercritical Difference:** Minami oils utilize liquid CO₂ extraction and are exposed to 400°F less heat than other leading brands with no use of harsh solvents and no saturated fat as filler.
- 2. Super Concentration:** Minami is one of the highest concentrated Omega-3s available, which is "super convenient" because you get more Omega-3 nutrition per softgel which means fewer pills and tablespoons of oil to swallow.
- 3. Unsurpassed Purity:** Minami oils go through rigorous in house and third party testing and have remarkably low levels of oxidation as well as undetectable levels of dioxins, pesticides and heavy metals like mercury.
- 4. Science-Based Unique Formulations:** Minami uses the latest Omega-3 research to formulate specific ratios of EPA and DHA to support the body and its systems.*
- 5. Small Environmental Footprint:** Minami obtains fish from sustainably managed waters and is the only fish oil in the world to receive EMAS (Eco-Management and Audit Scheme) status—a very stringent European standard.

Pharmaceutical Grade: all manufacturing, encapsulation and laboratory testing conducted in accordance with GMP guidelines (Good Manufacturing Practices).

MorEPA[®] Minis is a premium Omega-3 supplement utilizing supercritical CO₂ extraction technology that provides 624mg of Omega-3 nutrition in two easy-to-swallow softgels. **MorEPA[®] Minis** offers a clean, strawberry flavor with no fishy aftertaste and supports health and wellbeing for teenagers.*

Clinical Science: Minami is committed to the advancement of scientific support for Omega-3 nutrition and has participated in 11 human clinical studies.

Cold processed. Smart choice.

Supercritical CO₂ extraction utilizes 400°F less heat than the leading brands—the typical process can expose heat-sensitive oils to temperatures as high as 400°F. Liquid CO₂, an organic compound, takes the place of typically-used harsh chemical solvents.

Minami also offers one of the highest concentrated Omega-3 fish oils on the market, which means more Omega-3 nutrition, no fillers and fewer softgels to take—now that is smart.

MorEPA[®] MINIS

SUPERCritical OMEGA-3 FISH OIL

TEEN FORMULA
Supports the Health and
Wellbeing of Teenagers*
75% Omega-3s

624mg Omega-3s in
