SUGGESTED USAGE: As a dietary supplement, take 2 level scoops (50 mg) 1 to 2 times daily, preferably with food. Blend powder into smoothie, or take as desired. We recommend taking this product with essential fatty acids such as NOW® Flax Oil or Omega-3 Fish Oil. Coenzyme Q10 is a vitamin-like compound also called ubiquinone. It is an essential component of cells and is necessary for mitochondrial energy production. Years of research have shown that CoQ10 supports healthy cardiovascular and immune system functions in addition to its vital role in energy production.*
