

Oceans 3™ Beyond Omega-3™

Oceans 3™ Beyond Omega-3™ Cod Liver Oil is the only Omega-3 supplement available with OmegaXanthin®, a synergistic complex of three health-promoting compounds from the ocean:

- EPA and DHA from ultra pure, high potency cod liver oil
- Astaxanthin – an extremely powerful antioxidant carotenoid from sea algae
- Fucoxanthin – a dynamic, antioxidant carotenoid from brown seaweed

OmegaXanthin® provides all the benefits of a high potency Omega-3 supplement **plus** two ocean-based antioxidants for an amplified range of benefits unmatched by ordinary Omega-3 formulations.

- Supports cardiovascular health†
- Supports the body's natural anti-inflammatory response†
- Supports anti-aging through antioxidant cellular protection†
- Promotes stress management and emotional well-being†
- Maintains eye health and normal vision†
- Supports normal brain function and nervous system health†

Purity You Can Trust: The cod liver oil in Oceans 3™ is purified through a proprietary, cutting-edge process called Purify™ that serves to remove environmental toxins while maintaining the natural balance of the vital nutrients and beneficial compounds in the oil. Each batch is third-party tested to verify the cod liver oil in Oceans 3™ surpasses the European Pharmacopoeia standards for environmental toxins including mercury, lead, dioxins and PCBs.

For every Oceans 3™ bottle sold, a donation will be made to Women's Heart. Women's Heart champions prevention and early detection, accurate diagnosis and proper treatment of women's heart disease.
