

**Suggested Use:** Adults, take two capsules daily, before a meal or as directed by a healthcare provider.

**Warning:** Not to be taken by pregnant or lactating women. If you have any health condition or are taking any medication, consult your healthcare provider before use. Individuals with gallstones or bile duct occlusions should avoid use of this product. Discontinue use and consult your healthcare provider if symptoms persist or worsen, or any adverse reaction occurs. Keep out of reach of children.

Store in a cool, dry place. Use only if safety seal is intact. Individual results may vary.

The herbs used in HBgard™ have a history of traditional use in the management of occasional heartburn†
