

Trouble Sleeping?

As we age and lead busier lives, our bodies produce less melatonin, the key ingredient we need to fall asleep and stay asleep. REMfresh®, made with 99% ultrapure UltraMel® melatonin, helps support the body's own natural levels of melatonin for up to 7 hours.†

The REMfresh® Advantage

Only REMfresh® has the breakthrough melatonin IPP® (Ion-Powered Pump®) technology that promotes continuous release and absorption, allowing you to sleep longer and wake up ready to conquer the day.†

REMfresh® 7 hour absorption, known as the MESA-WAVE®, has been shown in a clinical trial.*

Suggested Usage: Take 1 caplet 30 to 90 minutes before intended bedtime. For extra support, take 2 caplets nightly. Do not exceed 5 caplets nightly. Intended for occasional sleeplessness.

Supplement Facts

Serving Size 1 Caplet

	Amount Per Serving	%DV
Melatonin (UltraMel®)	2 mg	**

**Daily Value (DV) not established.
