

## Trouble Sleeping?

As we age and lead busier lives, our bodies produce less melatonin, the key ingredient we need to fall asleep and stay asleep. REMfresh®, made with 99% ultrapure UltraMel® melatonin, helps support the body's own natural levels of melatonin for up to 7 hours.†

## The REMfresh® Advantage

Only REMfresh® has the breakthrough melatonin IPP® (Ion-Powered Pump®) technology that promotes continuous release and absorption, allowing you to sleep longer and wake up ready to conquer the day.†

**REMfresh® 7 hour absorption, known as the MESA-WAVE®, has been shown in a clinical trial.\***

**Suggested Usage:** Adults, take 1 caplet 30 to 90 minutes before intended bedtime. Do not exceed 1 caplet nightly. Intended for occasional sleeplessness.

## Supplement Facts

Serving Size 1 Caplet

| Amount Per Serving          | %DV |
|-----------------------------|-----|
| Melatonin (UltraMel®) 10 mg | **  |

\*\*Daily Value (DV) not established.
