

**Fast Absorbing, Highly Effective Joint Complex**  
 Designed to be a highly effective joint complex capable of supporting healthy joint function whether you swim, run, occasionally lift weights, bodybuild, or practice yoga. The ingredients in this powerful joint formula can strengthen joint tissues and improve flexibility.

**Collagen Production Decreases with Age**  
 This decrease is the source of a number of serious health issues. Research shows healthy collagen production can be sustained through supplementation and a proper diet.

- PROVIDE CRITICAL NUTRIENTS TO STIMULATE CELLS AND HELP BUILD JOINT CARTILAGE
- PROMOTE LUBRICATION FOR JOINT COMFORT
- STIMULATE THE SYNTHESIS OF HYALURONIC ACID, IMPORTANT FOR TISSUE GROWTH, REGENERATION, & HEALING
- EASY ABSORPTION/HIGH BIOAVAILABILITY

MSM is easily absorbed and is one of the major building blocks of glycosaminoglycans which are key structural components in cartilage that play an important role in the maintenance of healthy joints.

**Supplement Facts**

Serving Size: 4 Capsules (2830mg)  
 Servings per container: 30

	Amount/Serv	%DV
Glucosamine Sulfate	1200 mg	**
Chondroitin Sulfate	1000 mg	**
MSM (methylsulfonylmethane)	600 mg	**
Hyaluronic Acid	30 mg	**

\*\*No daily value has been established for this supplement

**Recommended Use:** Take 1 serving (4 capsules) 1-2 times daily preferably with meals, or as directed by your physician. Studies suggest taking for at least 90 consecutive days is necessary to achieve maximum results.

Other Ingredients: Gelatin (Capsule), Rice Flour.

Supplementing with Glucosamine may help to rebuild cartilage and relieve discomfort. Studies indicate that Glucosamine provides the building blocks for constructing cartilage.

Chondroitin is naturally found in our cartilage, tendons, and ligaments where it binds to proteins like collagen and elastin. Chondroitin protects cartilage by attracting water and inhibiting enzymes that damage cartilage.
