

MET-Rx® HI-TEST AMINO LIQUID

Heavy lifting puts extreme stress on your muscles and joints, which is why it's essential to provide your body with the firepower it needs to come back bigger and stronger.

MET-Rx® Hi-Test Amino Liquid contains high concentrations of specific amino acids, such as glycine, proline and hydroxyproline, to help build joint cartilage, support mobility and soothe overworked joints.* These amino acids also are used to form the triple helix of collagen needed for joint structure.*

If you take a protein supplement every day to build your muscles, make sure to stack it with MET-Rx® Hi-Test Amino Liquid to help build your cartilage - so you can unleash the pain on the weights, not on your joints.*

- Features Amino-Sorb technology, for rapid delivery of Aminos right when you need it
- Contains a blend of essential amino acids, including all three Branched Chain Amino Acids (BCAAs)

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Directions: For adults, take two (2) tablespoons (30 mL) two times daily, diluted with water. Take two (2) tablespoons immediately before your workout and two (2) tablespoons immediately after your workout. Shake well before using. As a reminder, discuss the supplements and medications you take with your health care providers.

FREE OF: yeast, wheat, milk or milk derivatives, lactose, sugar, soy, artificial color.

WARNING: If you are pregnant, nursing or taking any medications, consult your doctor before use. Discontinue use and consult your doctor if any adverse reactions occur. Not intended for use by persons under the age of 18.

KEEP OUT OF REACH OF CHILDREN. STORE IN A DRY PLACE AND AVOID EXCESSIVE HEAT. TAMPER RESISTANT: DO NOT USE IF SEAL UNDER CAP IS BROKEN OR MISSING.
