

Minerals are chemical elements necessary for the health and maintenance of bodily functions such as the formation of blood, bones, teeth, and other tissues and contribute to the regulation of body fluids.[†]

Potassium plays a role in the everyday functions of muscle and nerve tissues.[†]

Power Minerals Plus K provides **Chelated Colloidal Minerals**; fine mineral particles that are evenly dispersed throughout a liquid suspension (colloidal) and are firmly attached (chelated) to other organic molecules in the formula to ensure maximum absorption through the digestive system.[†]

Power Minerals Plus K is a delicious, easy way to ensure you get enough of these essential components of good health.[†]

Suggested Usage: Take 1 fl oz (2 tbsp) daily. May be mixed with water or any other beverage, if desired.

Warning: Consult your physician prior to using this product if you are pregnant, nursing or have any pre-existing medical conditions.

Note: The color and taste of this product may vary due to its natural ingredients and/or seasonal changes.

- **Keep out of reach of children.**
- Protect from heat, light, and moisture.
- Store at 59-86°F (15-30°C).
- Do not purchase if seal is broken.
- Shake well before using.
- Refrigerate after opening.
