*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Silybin complexed with phosphatidyl choline, which has demonstrated

absorbability of up to 4.6 times that of standard Milk Thistle extracts.*

SUGGESTED USAGE: As a dietary supplement, take 1 capsule 1 to 3 times daily.

Silybin is the most bioactive component found in the extract of Milk Thistle known as Silymarin. Silybin has been shown to support the liver's

free radical neutralizing ability, thereby promoting healthy liver detoxification mechanisms, as well as the maintenance of cell membrane stability. Silybin typically exhibits poor bioavailability; however, this clinical

strength NOW product features Siliphos®, a phytosome comprised of

Silybin complexed with phosphatidyl choline, which has demonstrated

absorbability of up to 4.6 times that of standard Milk Thistle extracts.*
