Do Not Eat Freshness Packet. Keep in Bottle.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

SUGGESTED USAGE: As a dietary supplement, chew 1 to 2 lozenges daily. Chew slowly between or 20 minutes before a meal, or as advised by your healthcare practitioner. Consider taking these other NOW® products: Ulcetrol™, Optimal Digestive System and Aloe Vera. De-Glycyrrhized Licorice (DGL) Extract from NOW is in a chewable form that delivers 400 mg of Licorice per lozenge. Licorice has a long history of use and is one of the most widely known medicinal herbs today. It has been extensively researched for its ability to support healthy digestive function.* De-Glycyrrhized Licorice is a milder form of Licorice that is more appropriate for a chewable lozenge.

DGL

DIGESTIVE SYSTEM SUPPORT

(De-Glycyrrhized Licorice Extract)
