DOSAGE: Take a single pack daily for 21 straight days.* On training days, take it 30-45 minutes before lifting. On non-training days, take it prior to bed. For best results, "cycle" this product following a schedule of three weeks on and one week off. Best results if used by those who are 25 years or older. However, due to its ability to help modulate free test levels, it could benefit others as well. Consider "stacking" Animal Stak with either Animal Test or Animal M-Stak for even greater gains. For more stacking information, go to www.animalpak.com.

WARNINGS: Not for use by individuals under the age of 18. Do not use if pregnant or nursing or have a serious medical condition. Consult a physician before using this product. This product may be banned by some athletic associations. Athletes should definitely consult with their sanctioning authority before use. California Residents: **WARNING:** Reproductive Harm - www.P65Warnings.ca.gov. Exercise good judgment and keep this out of reach of children. To keep it as fresh as possible, store this product in a cool, dry place, away from heat, moisture and sunlight. We know the drill.

ANIMAL STAK®

You don't get jacked by accident. The freaks got that way because they leave nothing to chance. Hard and heavy training and massive clean eating for years on end is the bare minimum required. The best take advantage of every edge they can get. This most elusive "edge" comes in the form of anabolic hormone production and utilization. Testosterone and GH—the more you've got the better. Estrogen, cortisol, DHT—the less you produce, the more you can grow. For you there is Animal Stak, the anabolic edge for those determined few who leave nothing to chance.*

IRONCLAD QUALITY & GUARANTEE
