Other Ingredients: Vegetarian Capsule Shell (Hydroxypropyl Methylcellulose), Silica, Magnesium Stearate, Titanium Dioxide.

The human intestines contain a friendly symbiotic microbiome garden susceptible to imbalances caused by proliferation of harmful bacteria during times of digestive stress. Travel, food poisoning, antibiotic use – even poor diet – can lead to common symptoms such as gas, bloating, diarrhea, constipation and irregular bowel movements.

What Is Ultra Probiotic Complex 100?

Clinically designed and scientifically studied in human clinical trials to replenish beneficial intestinal flora and restore digestive health,* each capsule contains 100 billion live active CFUs of eight key strains of bacteria. Ultra Probiotic Complex 100 also contains 50 mg of ginger for stomach support, as well as prebiotic FOS to help ensure enrichment and vigor of key active cultures.*

Why Take Ultra Probiotic Complex 100?

Starting with just one dose, Ultra Probiotic Complex 100 begins to improve the balance of beneficial flora in the digestive tract to help quickly reduce intestinal discomfort and restore healthy stomach pH.* With continued daily use, you should experience on-going improvements in regularity, increased natural resistance and a bolstered immune system.*

This best-in-class, extra-strength formula is the highest potency available without refrigeration.
