GENESTRA BRANDS®

Genestra HMF™ (Human Microflora) Probiotics offer:

- Clinically studied, proprietary strains
- Doctor-recommended for over 20 years
- Research-driven, condition-specific formulas
- Potency guaranteed through expiration

Recommended Dose: Infants and Toddlers (0 to 36 months old): Take 1 level scoop daily or as recommended by your health professional. Preparation instructions for adults:

1. Wash your hands thoroughly.
2. Measure 1 fl oz (2 tablespoons) of water and pour into sterilized bottle.
3. Using the enclosed scoop, add 1 level scoop of powder to water. Shake well until powder is dissolved.
4. Feed to infant immediately. After feeding, any HMF™ Baby Immune solution not consumed within 1 hour should be discarded.

Warning: If your child has any health condition or is taking any medication, consult your health professional before use. Caution: If your child is immunocompromised, consult your health professional before using probiotic-containing products.

Keep out of the reach of children. This product was sealed for your protection. Do not use if box or contents are open or damaged. Store in a cool, dry place. After opening, keep tightly closed and use within 1 month. Avoid extreme temperatures.
