

High Potency Probiotic

Jarro-Dophilus® Ultra is a high-potency probiotic supplement designed to restore and support intestinal flora balance.*

Clinically Documented Probiotic Strains

Jarro-Dophilus® Ultra is formulated with clinically documented *Lactobacillus* and *Bifidobacterium* strains. *B. longum* BB536 and *B. breve* Br-03 have been shown to increase levels of beneficial bifidobacteria and reduce levels of undesirable bacteria in the gut, and support regularity.* *L. acidophilus* La-14 and *L. paracasei* Lpc-37 have been shown to support specific immune responses.*

Stomach Acid Resistance

Maximum survival of live probiotic organisms in transit through the stomach and intestinal tract is made possible by Jarro-Dophilus® Ultra's unique delivery system consisting of a vegetarian acid-resistant capsule and the integration of the probiotics with a gel-forming matrix to protect against the negative effects of stomach acid and digestive fluids.*

Keep out of the reach of children.

* THESE STATEMENTS HAVE NOT BEEN EVALUATED BY THE FOOD AND DRUG ADMINISTRATION. THIS PRODUCT IS NOT INTENDED TO DIAGNOSE, TREAT, CURE, OR PREVENT ANY DISEASE.

Lot #. Best Used Before:

USAGE: Take 1 capsule per day, with water, during or shortly after a meal, or as directed by your qualified healthcare professional.

NOTE: Consult a healthcare professional before using this product if you are trying to conceive, pregnant, or lactating, under the age of 18, or have a medical condition; if adverse reactions occur, discontinue use.

Strains Matter™

Clinically documented Strains Matter™.

Delayed Release Capsule

For protection against stomach acid, DRcaps® (delayed release capsules) are used instead of regular vegetarian capsules.

DRcaps® is a trademark of Lonza or its affiliates.
