

Trouble Sleeping?

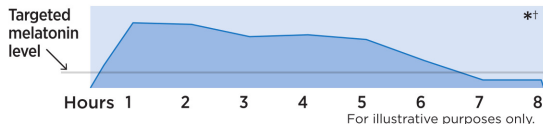

As we age and lead busier lives, our bodies produce less melatonin, the key ingredient we need to fall asleep and stay asleep. REMfresh®, made with 99% ultrapur UltraMel® melatonin, helps support the body's own natural levels of melatonin for up to 7 hours.[†]

The REMfresh® Advantage

Only REMfresh® has the breakthrough melatonin IPP® (Ion-Powered Pump®) technology that promotes continuous release and absorption, allowing you to sleep longer and wake up ready to conquer the day.[†]

REMfresh® 7 hour absorption, known as the MESA-WAVE®, has been shown in a clinical trial.*

Fall asleep faster[†] Stay asleep longer[†] Improve sleep quality[†] Wake up REfreshed[†]

Suggested Usage: Adults, take 1 caplet 30 to 90 minutes before intended bedtime. Do not exceed 2 caplets nightly. Intended for occasional sleeplessness.
