Ingredients: Whey Protein Isolate, Processed Recovery Blend (L-Glutamine, L-Taurine, L-Arginine, L-Alanine, L-Lysine, L-Leucine, Isoleucine, Valine), Cocoa processed with Alkali, Natural Flavors, Soy Lecithin, Cellulose Gum, Xanthan Gum, Acesulfame Potassium, Carrageenan, Sucralose.

Contains milk, soy and wheat ingredients.

Whey is popular with bodybuilders, people on high protein diets, and anyone looking for a quick, easy-to-use nutritional drink. Our Whey Isolate Powder is specifically designed for anyone looking for the highest quality nutrition to support their workout and fitness goals.

Whey is a natural by-product of milk, and is loaded with strength-building proteins, which play a role in optimal nutrition.* Whey isolate contains more Branched Chain Amino Acids - made up of Leucine, Isoleucine and Valine, as compared to regular Whey Concentrate. These nutrients are important components of muscle tissue.*

Whey isolate is superior to whey concentrate for those who want only the best in a nutritional drink. It provides all of the benefits whey is known for and more by carefully removing more of the fat and lactose that you don't need while increasing the percentage of protein as compared to regular whey concentrate. For an extra treat, blend with fruit or your favorite non-fat frozen yogurt.
