

AloeLife® ALOE BOOST™ is a combination of Traditional Herbs and Life Cell Nutrients that together support energy and healthier blood sugar levels. Both the Nopal Cactus (*opuntia streptacantha*) and the Whole Leaf Aloe Vera (*barbadensis miller*) plant have been safely used by ancient civilizations for digestion, pancreas health support and in recent years for weight maintenance. The CoQ-10 enzyme is required for cellular energy blended with Bee Pollen, 20 free form amino acids, Suma (Brazilian Ginseng), Glutathione (antioxidant) and Chromium Picolinate (glucose regulator) that together optimize health!

NOTE: Use caution with diarrhea or bee sting sensitive people.

SATISFACTION GUARANTEED!
