

SUGGESTED USE:

Mix each serving (approx. 2 scoops) of COR-Performance® Whey Protein in 5-6 fl. oz. of cold water or any beverage of choice one to two times daily.

MAXIMUM PERFORMANCE TIPS:

Vary the amount of liquid to achieve desired consistency and flavor. Cellucor COR-Performance® Whey Protein can be used before workouts, after workouts, or as a quick and fit snack anytime. Drink 1-2 servings daily, or as needed to satisfy your personal protein intake requirements.

Nutrition: Cellucor COR-Performance® Whey Protein is best used as part of a well-balanced diet that includes whole foods and other protein sources. Individual nutritional requirements vary depending on gender, body weight, level of activity and exercise/training intensity.

Mix it Up: Cellucor COR-Performance® Whey Protein can be used for more than just protein shakes. Try adding a scoop into oatmeal, yogurt, pancakes, and other baked good recipes.

Notice: Use this product as a food supplement only. Do not use this for weight reduction. Keep out of reach of children. This product is sold by weight, not volume. The density of the powder varies, and significant settling of powder may occur during shipping and handling. This product contains the servings indicated when measured by weight.
