

We know you want to feel better and stay better.
That's why we created Olive Leaf Complex.

Just about everyone knows about the health benefits of olive oil, but it's another part of the olive tree that provides even more incredible benefits: The Olive Leaf. Dating back centuries to ancient Egypt and Greece, the olive leaf extract has been used as a powerful health tonic* for good reason: it's teeming with the super-antioxidant Oleuropein and a full range of natural polyphenols. Our super-concentrated formula is designed to promote a healthy immune system, seasonal wellness and heart and joint health.*

• Sustainable • Non-GMO

Consult your healthcare provider prior to use if you are pregnant, nursing or have a history of low blood pressure.
