

CLA Lean Body Fat Reduction™ helps reduce body fat and increase muscle tone.* When used in conjunction with a healthy low calorie diet and exercise plan†, this product can help you achieve more optimal body composition.

Powered by CLA - CLA (Conjugated Linoleic Acid) is a slightly modified form of the Omega-6 essential fatty acid: Linoleic Acid. This healthy fat is found in small quantities in grass-fed meat and dairy products. But supplementation is easily the best and most reliable source of this powerful nutrient.*

Supported by Science - Research has demonstrated CLA's role in the maintenance of body weight through its favorable effect on body composition.* Studies have shown that CLA blocks a portion of the body's fat-storing enzyme (called lipoprotein lipase), which supports a decrease in body fat and increase in muscle tissue (lean body mass).*

CLA Lean Body Fat Reduction™ supplies 3400 mg of CLA per maximum daily dose to support healthy weight management.* It also delivers a combination of "next generation" oils that are known for promoting health and vitality.*

What makes us different:

Liquid Soft-Gels - The nutrients in these easy-to-swallow Liquid Soft-Gels are released fast. Other forms of delivery can contain binders and fillers that may cause stomach upset and offer no nutritional value. Advanced Liquid Soft-Gels provide an optimum delivery system.

Quality Assurance - Irwin Naturals' is committed to providing the highest quality products for your health. We employ compliance testing to ensure purity and potency.

Global Responsibility - Over the years we have donated to organizations that support the environment and the health of our children.

Patented BioPerine® - Our special BioPerine Complex enhances the bioavailability, absorption and potency of many nutrients.*

Usage Warnings: Do not use if safety seal is broken. Check with your doctor before using this product if you are using medication or have any medical conditions, including heart disease, diabetes, digestive disorder, metabolic syndrome, insulin resistance and immune or inflammatory conditions. Do not use if you may become pregnant, are pregnant or nursing. Do not exceed recommended daily intake. Not intended for use by persons under 18. **KEEP OUT OF REACH OF CHILDREN.** Store in a cool, dry place.
