

EXTRA-ENERGY THERMO-FUEL MAX FAT BURNER is a triple-pronged formula designed to stimulate thermogenesis (fat-burning); support cellular-energy production; and deliver core nutritional support to help you achieve and maintain your ideal body-composition.*

ONE: Fuel Thermogenesis & Boost Metabolism

Green Tea extract supplies naturally-occurring compounds, including EGCG, that have been shown to increase thermogenesis (heat production) in the body, thereby supporting healthy weight management.* This product is enhanced with Garcinia fruit — a source of hydroxycitric acid (HCA).

TWO: Extra Energy-Boost*

In addition to the caffeine energy-boost this formula delivers targeted B-vitamins along with L-Carnitine to support cellular-energy production,* plus energizing Guarana Seed Extract, Yerba Mate Extract, and revitalizing Ginseng Extract.

THREE: Core Nutritional Support

In addition to targeted B-Vitamins, L-Carnitine, and the "superfood" Spirulina, this formula delivers over 2 grams of Fish Oil per daily serving which supplies valuable Omega-3 fatty acids to support a brain, heart and vascular health.

#For optimal results in weight-management, use **EXTRA-ENERGY THERMO-FUEL MAX FAT BURNER** in conjunction with daily exercise, and a balanced diet.
