

Although it is well known that "good bacteria" can help nourish the intestinal tract to promote optimal digestive function, less may be known about prebiotics and their function and purpose in the body. Prebiotics are non-digestible carbohydrates derived from plant nutrients that beneficially nourish the good bacteria already in the digestive tract.* They are the fertilizer that keep them alive and healthy in the body, as well as improve the good-to-bad bacteria ratio.*

Healthy Tract Prebiotic® is specially formulated to deliver a combination of XOS inulin from Jerusalem artichoke and Yacon Root as well as soothing botanicals like Marshmallow extract, Cumin and Cardamom powder.* This product can be taken daily to help support overall digestive health.*

What makes us different:

Liquid Soft-Gels - The nutrients in these easy-to-swallow Liquid Soft-Gels are released fast. Other forms of delivery can contain binders and fillers that may cause stomach upset and offer no nutritional value. Advanced Liquid Soft-Gels provide an optimum delivery system.

Quality Assurance - Irwin Naturals® is committed to providing the highest quality products for your health. We employ compliance testing to ensure purity and potency.

*These statements have not been evaluated by the Food & Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Global Responsibility - Over the years we have donated to organizations that support the environment and the health of our children.

Patented BioPerine® - Our special BioPerine Complex enhances the bioavailability, absorption and potency of many nutrients.*

Usage Warnings: Do not use if safety seal is broken. Check with your doctor before using this product if you are using medication or have any medical conditions. Taking this product without adequate water may cause choking. Do not use if you may become pregnant, are pregnant or nursing. Do not exceed recommended daily intake. Not intended for use by persons under 18. **KEEP OUT OF REACH OF CHILDREN.** Store in a cool, dry place.
