

Thermo-Burn Stubborn Fat Metabolizer was designed to help you burn the stubborn fat around the belly and waist that interferes with making your ideal silhouette a visible reality.*

This formula is built around the dual-action of Sinetrol® — a powerful herbal preparation that clinical research has shown produces a meaningful decrease in abdominal fat and a reduction of waist and hip circumference compared to a placebo.*

Sinetrol® optimizes your weight-loss efforts in two distinct ways:

■ **Boosts Thermogenesis:** Stimulates the burning of triglycerides stored in your fat cells and leads to the reduction of overall body fat.*

■ **Fat-Cell Browning Effect:** Promotes fat-cell phenotype change from a storage-type (white) to a metabolically-active and thermogenic-type (brown) resulting in an increased resting metabolic rate.*

We've combined the power of Sinetrol® with Chromium to support cellular energy balance, plus a specialized herbal blend featuring some of Nature's most prized botanicals that are used traditionally to support thermogenesis including extracts of Turmeric, Ginger, Green Tea and Cayenne.*

For optimal results, use daily and in conjunction with a healthy diet and exercise plan*.

What makes us different:

■ **Liquid Soft-Gels** - The nutrients in these easy-to-swallow Liquid Soft-Gels are released fast. Other forms of delivery can contain binders and fillers that may cause stomach upset and offer no nutritional value. Advanced Liquid Soft-Gels provide an optimum delivery system.

■ **Quality Assurance** - Irwin Naturals® is committed to providing the highest quality products for your health. We employ compliance testing to ensure purity and potency.
