

SUGGESTED USAGE: For children (age 2 & up) and adults: Chew 1 tablet 1 to 3 times daily between meals or on an empty stomach. For children under 2, use only on the advice of your healthcare practitioner. Tablet to be chewed or crushed; not to be swallowed whole.

KEEP LID TIGHTLY SEALED.

REFRIGERATE TO MAINTAIN POTENCY.

HOW IT WORKS: Protocol For Life Balance® Chewable Probiotic is a great-tasting, chewable probiotic supplement sweetened with xylitol. The bacterial strains in this product have been scientifically tested and chosen for their ability to support healthy immune system and GI functions.* These bacterial strains are particularly hardy and have been shown to adhere to the intestinal lining, thereby helping to maintain intestinal integrity.* This product can be used by both adults and children.

CAUTIONS/INTERACTIONS: Probiotic supplements may cause mild, but transient GI discomfort. Individuals with severe immune system deficit and those taking immune-suppressing medications should consult their healthcare practitioner before taking this product. Because antibiotics may inactivate some probiotic bacteria, take at least 2 hours before or after taking antibiotic medications.

Contains Xylitol, which is harmful to pets.
