

SUGGESTED USAGE: Take 1 lozenge daily, or as directed by your healthcare practitioner. Chew lozenge or hold in mouth until dissolved and swallow.

HOW IT WORKS: Vitamin B₁₂ has the largest and most complex chemical structure of all the vitamins. Most of its functions are related to its co-enzyme activity, such as enzymes required for the production of DNA during cell division, as well as for the proper disposal of homocysteine.* B₁₂ is also necessary for the maintenance of a healthy nervous system.*

CAUTIONS/INTERACTIONS: A number of drugs can affect vitamin B₁₂ levels or its utilization. If you are taking any prescription medications, consult your healthcare practitioner before taking this product.
