

Vitamin Code® Women's Formula is specifically formulated to meet the unique nutritional needs of women, providing **RAW Food-Created Nutrients™** for targeted delivery of vitamins and minerals. Your body recognizes nutrients from food best. Each individual nutrient from food comes with its own unique cofactors to tell your body where to use it for maximum benefit. These cofactors can be removed when nutrients are isolated from food or synthesized in a lab, inhibiting their ability to nourish your body. Individually cultivated with their Code Factors™ intact, proprietary **Vitamin Code RAW Food-Created Nutrients** are naturally recognized by your body and nourish as intended by nature for energy and support of a healthy heart, normal digestion and breast health.*

Caution: As with any dietary supplement, consult your healthcare practitioner before using this product, especially if you are pregnant, nursing, anticipate surgery, take medication on a regular basis or are otherwise under medical supervision.
