

The tears that cover the eye's surface are a complex mixture of saltwater, protein and lipid. Dry eye discomfort can result if any one of the components is deficient. Dr. Krawitz® Dry Eye Support addresses the entire tear film chemistry to provide all day comfort.*

• NATURAL TRIGLYCERIDE OMEGA 3S

Supports healthy tear production*

• PHYTOSTEROL LIPIDS

Improve symptoms arising from excess tear evaporation*

• CURCUMIN C3 COMPLEX

Soothes inflammatory symptoms*

Directions: As a dietary supplement, take 2 softgels daily.

Dr. Paul Krawitz, M.D., F.A.A.O., is passionate about eye health. With over 25 years of experience, he is one of the most professionally recognized eye surgeons in the New York area. As a practicing ophthalmic surgeon, lecturer and scholar, Dr. Krawitz is an expert in eye disease and age-related vision issues.

Fascinated by the role nutrients play in overall vision health, Dr. Krawitz began to pore over peer-reviewed research and top medical journals to be able to counsel his patients about supplements they could take to support healthy vision for a lifetime.

Unimpressed with most commercial supplements, Dr. Krawitz was driven to develop his own formulas, backed by science and derived from the highest quality ingredients and natural sources to ensure their potency and bioavailability. The choice of doctors, hospitals and patients seeking quality nutraceuticals for ocular health for over a decade, Dr. Krawitz' formulas are now available to consumers.

60 SOFTGELS

The tears that cover the eye's surface are a complex mixture of saltwater, protein and lipid. Dry eye symptoms can result if any one of the components is deficient. Based upon Dr. Krawitz's United States Patent 7,638,142 for his Therapeutic Composition for the Treatment of Dry Eye Syndrome, Dry Eye Support addresses the entire tear film chemistry to provide all day relief. Pure ingredients, easy absorption, a strong safety profile and high quality standards are why Dry Eye Support brings superior results for tear production, moisture retention and overall eye comfort.*

Dry Eye Support nourishes the eye with key nutrients:*

NATURAL TRIGLYCERIDE OMEGA 3s*

Triglyceride Omega 3s encourage peak delivery of effect to the lacrimal glands to support healthy tear production.*

PHYTOSTEROL LIPIDS*

The key component of the meibomian glands of the eyelids, phytosterols coat the tear film with an impenetrable lipid layer to improve symptoms arising from excess tear evaporation.*

CURCUMIN*

A COX-2 inhibitor that provides soothing relief.*
