

THE STORY OF WARRIOR FORCE™

I have been into athletics all of my life. Not just "sports," but hard-hitting, muscle-pumping, heart-pounding, mentally-grueling, endurance-testing sports...Warrior Sports. *I would rather die than be denied my Warrior Spirit - that is just who I am!* I am also hard-core into *health!* Unfortunately, sports "nutrition" products usually have nothing to do with actual health. They are notoriously UNhealthy, many of them downright toxic — ultimately contributing to a Warrior's demise. I am a Naturopath and Herbal medicine researcher, and have embraced a hard-core healing lifestyle for 26 years, during which I have seen people who had healthy looking physiques degenerate and die much too soon (or die suddenly) due to their toxic diet, lifestyle, and supplements. NOT ANYMORE. I have vowed to change that and Warrior Force™ products are part of that change.

WARRIOR FOOD™

Warrior Food™ enhances your physical appearance and your performance, without sacrificing your health...or your ethics. 100% high performance complete protein/amino acid profile with branched chain amino acids for performance and mass. 100% Raw. 100% Vegan! Regardless of your diet, lifestyle and ethics, whether you are a professional athlete or a "weekend warrior," this is the best performing protein supplement you can buy (with phytonutrient benefits way beyond isolated proteins).

WHAT IS A TRUE WARRIOR™?

It's easy to be an aggressive, selfish, mean, asshole. Just combine a bad attitude with some "roids" or take legal substances that imbalance your body and hormones. Then you are just a Barbarian. A True Warrior™ is kind (to others - even kind to non-warriors, kind to animals, and kind to the earth), unselfish, caring, and lives consciously by a code of ethics/honor such as Bushido (Samurai) or Chivalry (Knights), yet at the same time is completely willing to stand up for those who need it and unleash a fury of appropriate force, should battle be required. A True Warrior™ is conscious of all the choices made in life, and is open-minded. The world needs more True Warriors. Are you a True Warrior™? If not, I invite you to become one!

100% TruGanic™: Since the USDA now owns Organic, pesticides and other poisons are allowed on and in Organic products under many circumstances! Pure foods like probiotics, enzymes, zeolite, charcoal, bentonite, wildcrafted herbs and many superfoods are NOT considered organic, even if grown organically and 100% verified free of pesticides, GMO, and irradiation! TruGanic™, on the other hand, is NOT for sale to anyone at any price! It is a purist, hard-core quality standard significantly beyond Organic standards, with much more stringent criteria and actual verification via testing that Organic does not have.
