

Nu Born Skin

This unique formula provides 17 of the most potent ingredients to combat aging, sagging and sun damaged skin. The ingredients work together to rebuild the skins elasticity and integrity.

Ascorbyl palmitate, fat-soluble vitamin C, plays a major role in collagen production, a protein that forms the basis for firm, taut skin.

DMAE protects cell membranes from being attacked by free radicals, and boosts the effects of other antioxidants.

Alpha-lipoic acid exists deep inside every cell of our bodies. It is both fat and water-soluble and it increases the effects of other antioxidants such as vitamins A, E, and C.

L-Carnosine is considered to be an anti aging supplement because it not only prevents free radicals from entering tissues, but is also active after free radicals react to form other dangerous compounds.

These ingredients along with the other 13 anti aging vitamins, herbs and super foods, all add up to the most comprehensive skin renewal formula available.*

SUGGESTED USAGE: Take (3) capsules per day with meals. Divided between two-three meals. All (3) may be taken at once with a meal. For best results, do not skip days.
