I've devoted my life to helping people balance their digestive system and achieve vibrant health. I believe overall good health begins with a healthy gut.

DIVERSITY IS THE KEY TO ADVANCED BIOME

Our bodies naturally contain many different types of good bacteria so we formulated Vital Flora Advanced Biome with a diverse blend of 100 strains.*

The increased potency and balanced ratio of Bifido to Lacto strains provide more advanced support for overall immune and digestive health.*

We also added 10 plant-based prebiotics to help feed the diversity of good bacteria in our gut.*
