

Suggested Use: For adults, take 1 softgel per day with a meal or as directed by your qualified healthcare professional.

NOTE: If you have a medical condition (especially kidney stones or dysfunction, hyperparathyroidism, hypercalcemia, lymphoma, or sarcoidosis), are pregnant, lactating, trying to conceive, under the age of 18, or taking medications, consult your healthcare professional before using this product.

Jarrow Formulas® Vitamin D₃ provides cholecalciferol, the most bioavailable form of vitamin D. Vitamin D₃ is converted by the kidneys into the hormone calcitriol, the active form of vitamin D₃. Vitamin D₃ enhances calcium and phosphorous absorption, stimulates the synthesis of **osteocalcin** (an important structural protein in bone), and supports a healthy immune response.*

Keep out of the reach of children.
