

Directions for use: For children 2 and older, pour 1 level, white bottle capful of powder into the overcap. Add water to the line on the overcap (60ml/2 fl. oz.) and stir. As a dietary supplement, take once daily, or as directed by your physician. Additional servings may be taken as necessary. This product is isotonic only if the specified amounts of powder and water are used.

Storage Directions: To prolong the viability of the bacteria, store opened and unopened bottles in the refrigerator (not freezer).

Warning: If you are currently taking prescription medications or have an ongoing medical condition, consult your physician before using this product. Women who are pregnant or nursing should not take this product.

KEEP OUT OF THE REACH OF CHILDREN. Do not use if safety seal is broken or missing.
