

A Powerful Superfood Blend Provided by Nature

Paleovalley Turmeric Complex contains four of the planet's most health supportive superfoods: organic turmeric, organic ginger, organic rosemary, and organic cloves. Each ingredient is minimally processed to avoid damaging its fragile nutrients.

We believe, and studies have shown, that organic turmeric in whole food form such as that in our Turmeric Complex is far more bioavailable than isolated curcumin as it contains the full spectrum of complimentary co-factors.*

Turmeric Complex also contains organic coconut oil powder and black pepper for enhanced absorption.*
