ENDURE is a special blend of essential electrolytes your body needs to perform at optimum levels of energy, stamina, and hydration during competition or any strenuous activity.[†] Proper hydration helps to reduce the incidence of muscle cramping and fatigue so you can endure longer.[†] Plus it contains no sugar or additives to weigh you down. Get the edge you need to perform at your best with **ENDURE**.

Suggested Use: Add 48 drops (½ tsp.) of ENDURE to 32 oz. of water (12 drops per 8 oz.; 2 tsp. per gallon) or any beverage or sports drink and shake well for an added boost of energy, stamina and hydration.[†] The suggested use above provides optimum levels for taste and performance when mixed with pure water. Great for use in hydration packs—no cleanup required!
