

PRODUCT BENEFITS: Magnesium is necessary for the anatomical and functional integrity of various subcellular organelles.* It participates in major metabolic pathways, including nucleic acid, protein, carbohydrate and lipid metabolism.* As a cofactor of adenosine triphosphatases, Magnesium ions play a fundamental role in the synthesis, transfer, storage and utilization of energy-rich compounds.*

Directions: For adults, take two (2) tablets daily, preferably with a meal or follow the advice of your health care professional. As a reminder, discuss the supplements and medications you take with your health care providers.
