

USAGE: Take 2 tablets 2 times per day with meals or as directed by your qualified health care consultant. For best results, use in conjunction with **QH-Absorb**® (ubiquinol).

NOTE: If you have a medical condition (especially diabetes/glucose control problems, gall bladder/bile duct blockages or gallstones, kidney dysfunction or liver disease), are pregnant, lactating, trying to conceive, under the age of 18, or taking medications, consult your health care practitioner before using this product.

Jarrow FORMULAS® **ChoLess Optimizer**® combines *clinically tested* levels of sesame seed lignans, tocotrienols and artichoke extract.* **Artichoke extract** reduces the oxidation of LDL cholesterol.* The proprietary extract **SesaPlex**™ contains sesamin, a lignan from sesame seeds that has been shown to conserve the body's supply of *gamma*-tocopherol and *gamma*- and other tocotrienols as well as activate fatty acid-oxidizing enzymes for improved fat metabolism.* Tocotrienols support cardiovascular function by affecting biosynthesis of cholesterol and reducing oxidation of low density lipoprotein (LDL cholesterol).*

The formula is optimized with **Red Yeast Rice**. **Jarrow FORMULAS**® uses Red Yeast Rice that is carefully fermented to avoid the presence of the natural byproduct citrinin.

Keep out of the reach of children.
