

DIRECTIONS: For Bones: One time per day, take six drops in 2 oz (1/4 cup) liquid. Stir and drink immediately. **For Skin, Hair, Nails, and Joint benefits:** Increase dose to five drops, twice daily.

XYMOGEN® EP

EXCLUSIVE • PATENTED

RegeneMax™
Liquid

Clinically Proven ch-OSA®

ISSUED U.S. PATENT 5,922,360
AND OTHER PATENTS PENDING

Advanced Collagen Generator†

Reduces Fine Lines and Wrinkles†

Thickens and Strengthens Hair†

Promotes Strong and Flexible Bones†

Promotes Healthy Joints†

PHARMACEUTICAL GRADE • PROFESSIONAL USE ONLY

DIETARY SUPPLEMENT **1 Fl. Oz. (30 mL)**

Supplement Facts

Serving Size: 5 Drops (about 0.25 mL)

Serving Per Container: about 120

Amount Per Serving %Daily Value		
Choline (as choline-stabilized orthosilicic acid)	100 mg	18%
Silicon (as choline-stabilized orthosilicic acid)	5 mg	**
** Daily Value not established.		

Other Ingredients: Glycerol, purified water
This product does not contain wheat, gluten, soy, dairy, egg,
fish/shellfish or nuts/tree nuts.

CAUTIONS: Consult your healthcare professional prior
to use if you have or suspect a medical condition, are
taking prescription drugs, or are pregnant or lactating.

**KEEP OUT OF THE REACH OF CHILDREN. STORE AT
59-86°F (15-30°C). PROTECT FROM LIGHT AND
MOISTURE.**

Your XYMOGEN® EP Advantage Exclusive Patented Formulations

XYMOGEN's new "EP" (Exclusive Patented) line of formulas is designed to bridge the gap between nutraceuticals and pharmaceuticals. Like pharmaceuticals, XYMOGEN® EP formulas are manufactured using sophisticated delivery technologies to focus on specific molecular targets. We do this with one purpose in mind: to bring you bona fide solutions. You can see the science at work in clinically proven RegeneMax™ Liquid, with collagen-generating choline-stabilized orthosilicic acid (ch-OSA®). Regular OSA is highly unstable, leading it to form polymers. These polymers are too large for the human body to absorb. But the patented "choline stabilization" technology in RegeneMax™ Liquid prevents the polymers from forming, insuring optimal absorption. Unlock the power of collagen regeneration with RegeneMax™ Liquid.†

GENERATE COLLAGEN WITH YOUR OWN DNA FINGERPRINT†

Collagen is essential for beautiful skin, hair, and nails as well as healthy bones and joints.† In fact, collagen makes up 30% of bone, 75% of skin, and up to 90% of tendons and ligaments. Starting at age 21, collagen production begins to diminish. By age 40, individuals lose approximately 1% of their collagen every year. The signs of reduced collagen become extremely visible in hair, skin, and nails. The damaging effect on bones and joints can be clinically measured.

For years, scientists searched for a method to give the human body the ability to regenerate its own collagen. Simply ingesting collagen has little or no effect. But the landmark discovery of ch-OSA® finally made it a reality.† ch-OSA® activates the cells in the human body that generate collagen.† That means it is collagen with your own DNA fingerprint.†
