

PROFESSIONAL USE ONLY

Not for resale on third-party websites, including, but not limited to, Amazon® and eBay®.

DIRECTIONS: Blend or shake one scoop in cold liquid, or sprinkle it on cold food such as salad, or use as directed by your healthcare professional. Do not heat, cook, or add to hot food or liquid.

Consult your healthcare professional prior to use. Individuals taking medication should discuss potential interactions with their healthcare professional, and individuals with egg allergies should not consume this product. Do not use if tamper seal is damaged.

IG 26 DF is a self-affirmed GRAS supplement that provides IgY immunoglobulins and immunoregulating molecules from hyperimmune chicken egg. Research suggests that this easy-to-mix, dairy-free source of immunoglobulins and immune cofactors helps support immune function in the intestine and a healthy intestinal environment. These benefits positively impact extraintestinal health. Preliminary research also suggests a role for the formula's immunoregulating molecules in cytokine modulation and in sports recovery applications.*
