

Mitochondrial Renewal Kit

Introducing The Restoration of Your Life

XYMOGEN® EP

EXCLUSIVE • PATENTED

Patient Benefits

ALAmox™ CR

Supplement Facts

Serving Size: 1 Tablet Servings Per Container: 60		
	Amount Per Serving	%Daily Value
Biotin	450 mcg	1500%
Alpha-Lipoic Acid	600 mg	**
** Daily Value not established.		

Other Ingredients: Hydroxypropyl methyl cellulose, microcrystalline cellulose, hydroxypropyl cellulose, dicalcium phosphate, magnesium stearate, silica, and coating (hydroxypropyl methyl cellulose and medium-chain triglycerides).

N.O.max™ ER

Supplement Facts

Serving Size: 3 Caplets Servings Per Container: 60		
	Amount Per Serving	%Daily Value
Arginine <i>alpha</i> -ketoglutarate	1.98 g	**
Whey Peptide Fraction† S1	150 mg	**
** Daily Value not established.		

Other Ingredients: Cellulose and cellulose derivatives, stearic acid, magnesium stearate, silica, and glycerin.

Contains: Milk

Resveratin™ Plus

Supplement Facts

Serving Size: 1 Capsule Servings Per Container: 60		
	Amount Per Serving	%Daily Value
Quercetin (as quercetin dihydrate)(<i>Saphora japonica</i>)(bud)	250 mg	**
<i>trans</i> -Resveratrol (as <i>Polygonum cuspidatum</i> root extract)	75 mg	**
<i>trans</i> -PterostilbeneS2	62.5 mg	**
** Daily Value not established.		

Other Ingredients: Capsule (hypromellose and water), microcrystalline cellulose, stearic acid, magnesium stearate, silica, and medium-chain triglyceride oil.

DESCRIPTION: ALAmox™ CR is a whole-body, multifunctional antioxidant that helps to maintain healthy, well-functioning cells. ALAmox CR is designed to neutralize free radicals. ALAmox CR has the ability to destroy free radicals in both the water-based and lipid-based portion of cells, making it the ideal whole-body antioxidant. In addition, ALAmox CR helps the body synthesize glutathione, the body's own master detoxifier. ALAmox CR also "recharges" other important antioxidants, such as vitamins C and E, and CoQ10, giving them the ability to continue fighting free radicals for extended periods of time. In addition, biotin supports the function of alpha-lipoic acid in regulating glucose metabolism.†

FORMULATED TO EXCLUDE: Wheat, gluten, corn, yeast, soy, animal and dairy products, fish, shellfish, peanuts, tree nuts, egg, ingredients derived from genetically modified organisms (GMOs), artificial colors, artificial sweeteners, and artificial preservatives.

DESCRIPTION: N.O.max™ ER represents a patented, extended-release nitric oxide precursor. Scientists now refer to nitric oxide (NO) as the "foundation" of cardiovascular health. This tiny molecule is a vasodilator responsible for controlling blood flow to the entire body, which may help support healthy blood flow pressure and promote the health of the endothelium—the inside of blood vessels. With age comes diminished NO levels; that's why since 1998, when three scientists won the Nobel Prize for their discovery of NO, researchers have been working to harness its heart-healthy activity. Today, with the application of XYMOGEN's extended-release technology, that activity has been realized with N.O.max ER.†

FORMULATED TO EXCLUDE: Wheat, gluten, corn, yeast, soy, fish, shellfish, peanuts, tree nuts, egg, ingredients derived from genetically modified organisms (GMOs), artificial colors, artificial sweeteners, and artificial preservatives.

PROTECTED BY U.S. PATENTS: 6,905,707 and 7,579,020.

† Controlled Delivery Formulation.

DESCRIPTION: Resveratin™ Plus provides a complete bioflavonoid complex with resveratrol, quercetin, and pterostilbene. These three antioxidants work together synergistically. Pterostilbene, a new focus of scientific research, is methylated resveratrol, a bio-optimized form that complements resveratrol and quercetin. These compounds are being extensively studied in the areas of cardiovascular health and aging.†

FORMULATED TO EXCLUDE: Wheat, gluten, yeast, soy, animal and dairy products, fish, shellfish, peanuts, tree nuts, egg, ingredients derived from genetically modified organisms (GMOs), artificial colors, artificial sweeteners, and artificial preservatives.

DIRECTIONS: Consume the contents of one packet with 8 oz. water, 30 minutes before breakfast and 30 minutes before lunch, or as directed by your healthcare professional. Each packet supplies (3) N.O.max ER caplets, (1) Resveratin Plus capsule, and (1) ALAmox CR tablet.

Individuals with a medical condition (including diabetes or cold sores), that are taking prescription drugs, that are pregnant or lactating, or are under the age of 18 should consult their healthcare professional prior to use. Do not use if packet is damaged.

STORAGE: Keep closed in a cool, dry place out of reach of children.

Restore Your Metabolic Edge†

Metabolism is the wellspring of life. Mitochondria, representing a staggering 10% of body weight, are the cornerstone of energy production. Over time, mitochondria age.R1 You lose your metabolic "edge." Your appearance, feeling of well-being, and physical capabilities progressively "dull."

Sharpen your metabolism back to a razor's edge with mitochondrial biogenesis. Three scientifically formulated, safe, and effective dietary supplements—ALAmox™ CR, N.O.max™ ER, and Resveratin™ Plus—seamlessly act as one entity to support the restoration of a lifetime.†

This Is How Metabolism Should Look and Feel

Metabolism is the process by which your body's cells produce energy. Most of this energy is produced in mitochondria. These cellular "powerhouses" oxidize or "burn" calories, principally from glucose (blood sugar) and fat. Metabolically active cells, such as those of the brain, heart, and muscle, may contain 100s to 1,000s of mitochondria. The more mitochondria inside your cells, the more calories your body can burn. Thus, healthy mitochondria give your metabolism a calorie-burning, energy-generating edge.

The process by which new mitochondria are produced inside your body's cells is known as mitochondrial biogenesis. In light of the many metabolic and protective roles played by mitochondria, it's no surprise that mitochondrial biogenesis is critical to delaying the effects of aging and age-associated declines in metabolism (e.g., increased body fat and decreased lean muscle tissue).R1,R2,R3

Mitochondrial biogenesis is a complicated process involving more than 1,000 genes.R1 Caloric restriction and aerobic exercise promote mitochondrial biogenesis. However, caloric restriction and consistent aerobic exercise regimens are difficult to maintain.R2,R3 Uncomplicate your life with the Mitochondrial Renewal Kit. It contains ingredients that help restore your metabolic edge by activating the critical molecular "switches" that control mitochondrial biogenesis—the very same switches activated by caloric restriction and aerobic exercise.†S

Embark on the restoration of your life. Restore your metabolic edge with the Mitochondrial Renewal Kit. Enjoy the look and feel of great metabolism.†*

* For optimal benefit, combine this product with a healthy diet and exercise regimen.

XYMOGEN® EP

EXCLUSIVE • PATENTED

Mitochondrial Renewal Kit

RESTORE YOUR METABOLIC EDGE†

N.O.max™ ER

EXTENDED-RELEASE
ARGININE ALPHA-KETOGLUTARATE

CLINICALLY TESTED INGREDIENT • ISSUED U.S. PATENTS

May Help Maintain Healthy Blood Pressure
Already in the Normal Range†

Promotes Endothelial Health†

Helps Support Vasodilation†

Nitric Oxide Precursor†

May Help Promote Cardiovascular Health†

ALAmox™ CR

CONTROLLED-RELEASE ALPHA-LIPOIC ACID

CLINICALLY TESTED ALA

Combats Oxidative Stress†

Facilitates Whole-Body Glucose Utilization†

Regenerates Vitamin C, E, and CoQ10†

Regenerates Intracellular Glutathione†

Enhanced with Biotin

Resveratin™ PLUS†

RESVERATROL / PTEROSTILBENE COMPLEX

Complete Bioflavonoid Complex
Methylated Resveratrol

Dietary Supplement

PROFESSIONAL USE ONLY
60 Packets, 30-Day Supply

Used as directed, the XYMOGEN Mitochondrial Renewal Kit may help promote:

- Efficient use of insulin and glucose by the body†
- Conversion of glucose into usable energy†
- Healthy aging†*
- Exercise performance†
- Nitric oxide (NO) production†
- Cardiovascular and endothelial function†
- Improved antioxidant status and resistance to oxidative stress†
