#### PROFESSIONAL USE ONLY

Not for resale on third-party websites, including, but not limited to, Amazon® and eBay®.

DIRECTIONS: Mix the contents of one packet (41 g) in 6-8 oz cold water and consume. Adjust amount of water according to thickness desired. May be used as a snack or meal supplement, or taken as directed by your healthcare professional.

Consult your healthcare professional prior to use. Individuals taking medication should discuss potential interactions with their healthcare professional. The labeling on this product does not comply with California's Proposition 65. Therefore, this product may not be sold in California.

STORAGE: Keep closed in a cool, dry place out of reach of

FORMULATED TO EXCLUDE: Wheat, gluten, yeast, soy protein, animal and dairy products, fish, shellfish, peanuts, tree nuts, egg, artificial colors, artificial sweeteners, and artificial preservatives.

S1. Quatrefolic® is a registered trademark of Gnosis S.p.A. Produced under US Patent 7.947.662.

FIT Food Lean Complete is a nutrient-rich shake mix ideal for individuals sensitive or allergic to soy and/or dairy or those seeking a high-quality source of plant-based protein. FIT Food Lean Complete features VegaPro™, an all-natural pea and rice protein blend; Aminogen®, a plant enzyme that enhances protein digestibility and absorption; and KiOtransine® chitin-glucan, a novel fiber that supports antioxidant systems in the body. This fructose-free, vegan formula also provides an array of micronutrients, including high-potency vitamins C and B12, activated B vitamins, and Albion' TRAACS' chelated minerals (the real amino acid chelate system).\*

- . Free of Gluten, Dairy, Lactose, and Other Common Allergens
- Non-GMO
- No Soy Protein
- No Fructose

#CleanSeas

XYMOGEN is committed to reducing the amount of plastics used throughout our business, particularly in the packaging of our products. With our participation in the United Nations Environment Programme Clean Seas initiative, we strive to positively decrease our environmental footprint, providing results that can ultimately:

- » Help free the ocean of litter, making it safer for millions of marine animals.
- » Reduce the use of non-renewable resources.
- » Keep wild-caught seafood healthy and safe to eat.
- » Protect maritime economies such as organic fishing, tourism, and recreation.
