FREEZE DRIED FRESH FOR PEAK PLANT POWER

We fresh freeze-dry locally grown fruit, vegetables and herbs that are naturally high in quercetin and flavonoids.* Freeze-drying is the best method of preservation as it naturally concentrates the nutrients in the plant by removing only the water. Absolutely nothing added- no fillers, sweeteners, or preservatives.

Concentrated 6½ X through freeze-drying
2 tsp of freeze-dried powder = 13 tsp of fresh berries

100% Kosher. Keep out of reach of children. Discontinue use if unusual symptoms occur. Consult your health care advisor regarding herbs with pregnancy, infants or prescription drugs.
