URGENT ENERGY™

ALL-NATURAL ENERGY
EPHEDRINE FREE • PANAX GINSENG

360 Easy-to-Swallow Capsules

Andrew Lessman's URGENT ENERGY is an all-natural supplement designed to provide a safe and healthy means of enhancing energy levels and feelings of well-being. **It does not contain the potentially dangerous Ephedrine-containing herb, Ma Huang.** Urgent Energy is our first product to include Royal Jelly, the uniquely balanced and comprehensive food of the Queen Bee. Urgent Energy also provides standardized extracts of several herbs used traditionally throughout the world to help maintain energy, combat fatigue and provide a balanced sense of well-being. We include Green Tea, with its long history of use in Asia to support energy and vitality. We also add Guarana extract, with its natural caffeine-related alkaloids to promote energy, as well as standardized extracts of two adaptogenic herbs, Panax (Asian) Ginseng and Eleutherococcus (Eleuthero), with a history of traditional use going back thousands of years. In addition, Urgent Energy supplies Ashwagandha, an herb commonly used in the traditional holistic health system of India, to help the body adapt to physical and mental stress. Finally, Urgent Energy provides high levels of the B-Complex vitamins because they are absolutely essential for energy production and are readily depleted by energy-sapping stress. Life can be challenging and when you need some energy support during your day, Urgent Energy safely and economically supplies the tools to jump-start energy levels and combat fatigue while gently supporting positive feelings of well-being.
