### Vanilla Latte

### PROFESSIONAL USE ONLY

Not for resale on third-party websites, including, but not limited to, Amazon® and eBay®.

DIRECTIONS: Blend, shake, or briskly stir the contents of one packet (46 g) into 8-10 oz chilled water and consume once daily. or as directed by your healthcare professional. Adjust amount of water to desired sweetness and thickness.

Consult your healthcare professional prior to use. Individuals taking medication should discuss potential interactions with their healthcare professional. Caffeine should not be combined with synephrine or ephedrine. Use cautiously in individuals who have a history of abnormal heart rhythm. The labeling on this product does not comply with California's Proposition 65. Therefore, this product may not be sold in California.

STORAGE: Keep closed in a cool, dry place out of reach of

FORMULATED TO EXCLUDE: Wheat, gluten, yeast, soy protein, fish, shellfish, peanuts, tree nuts, egg, artificial colors, and artificial sweeteners.

Quatrefolic S1. Quatrefolic® is a registered trademark of Gnosis S.p.A. Produced under US Patent 7,947,662.

15" Energize is an all-natural, nutrient-dense shake mix designed to support healthy energy production, gastrointestinal integrity, cytokine balance, and the body's natural ability to detoxify. It is a wholesome alternative for individuals seeking to maintain robust energy levels, enhance their workout, or simply maintain overall health and wellness. This unique, fructose-free formula contains the same micronutrient profile (different dosages) found in XYMOGEN's ActivNutrients® without Copper & Iron, along with supplemental methylcobalamin (activated vitamin B12) and whole coffee fruit standardized to chlorogenic acid. i5 Energize features VegaPro", a non-GMO, pea-based protein; IgG 2000 CWP™, a bovine-derived immunoglobulin concentrate: truebroc', glucoraphanin from broccoli seed extract; and arabinogalactan, a prebiotic. i5 Energize provides 80 mg of caffeine per serving.\*

#CleanSeas

XYMOGEN is committed to reducing the amount of plastics used throughout our business, particularly in the packaging of our products. With our participation in the United Nations Environment Programme Clean Seas initiative, we strive to positively decrease our environmental footprint, providing results that can ultimately:

- » Help free the ocean of litter, making it safer for millions of marine animals.
- » Reduce the use of non-renewable resources.
- » Keep wild-caught seafood healthy and safe to eat.
- » Protect maritime economies such as organic fishing, tourism, and recreation.
