

Physician Formulated

May support detoxification, metabolism and gut health!

GreenMed Rx™ contains a variety of healthy greens, fruits and plant extracts that may support detoxification, metabolism, gut health and digestion. Our proprietary blend, NAC, MSM and Vitamin C are designed to help promote and aid the body's detoxification mechanism. GreenMed Rx™ also contains 5 grams of L-glutamine, an amino acid, which may support normal gut microvilli health. L-glutamine may be critical for proper gut metabolism, structure and function. It may also help to bolster the GI immune system and support normal Secretory IgA, an immune substance, levels in the gut. L-glutamine may act as a neurotransmitter and improve brain functioning. It may also be important for muscle health, protein metabolism and healthy blood sugar levels. GreenMed Rx™ may help to maintain a healthy body pH while providing vitamins, trace minerals, enzymes, probiotics, and phytonutrients, which can support optimum health.

SUGGESTED USE: Mix one scoop in 12 to 16 ounces of water or juice one to two times daily, or as directed by healthcare provider.

CAUTION: If you are pregnant, nursing, taking any medications or planning any medical procedure, consult your doctor before use. Discontinue use and consult your doctor if any adverse reactions occur. Not intended for use by persons under the age of 18.

Does not contain gluten, wheat, dairy, yeast, soy, egg, sugar, salt or artificial color, flavor or preservatives.

WARNING: This product may be manufactured and packaged in a facility which may also process milk, soy, wheat, egg, peanuts, tree nuts, fish and crustacean shellfish.
