

USAGE: Take 1 capsule per day with meals or as directed by your qualified healthcare professional.

Ginger (*Zingiber officinale*) has been used in Asian cuisine for thousands of years. When used as a food, ginger root provides antioxidant protection.*

Most ginger is heat processed either in cooking or processing. However, **Jarrow Formulas® Ginger** is naturally dried and not subjected to any additional heat. 4 pounds of fresh ginger root yields 1 pound of ginger concentrate. This process ensures the presence of the active compounds that are beneficial to the gastrointestinal tract.*

Keep out of the reach of children.
