

When we started ProSupps® we were a small group of dudes groomed by iron, that were tired of sports nutrition products built by people behind desks and not behind squat racks. We believed we could do it better, by building best-in-class products that bodybuilders, performance athletes and fitness fanatics like us wanted. Today, ProSupps® is an army of competitors and believers, whose purpose is simple - to unlock the Alpha in each one of us.

CONTAINS: Milk, Tree nuts (coconut)

Suggested Use: Mix 1 rounded scoop of Dr. Jekyll® Stimulant-Free with 8 oz of cold water. Consume 15 to 30 minutes before exercise. If you decide to stack with another pre-workout, such as Mr. Hyde®, assess your tolerance with ½ scoop of each before proceeding to a full serving. Shake container well before use.

Some users may experience a warming sensation and increased sweating after use. This is attributed to *Aframomum melegueta*.
