*The Genius of Mother Nature In Every Bottle
- Just as She Intended*

"The true value of a plant lies deep within
its natural holistic balance."

Frank D'Amelio, Sr., Founder, Nature's Answer

With one of the most comprehensive herbariums in the world, Nature's Answer has identified Mother Nature's Advanced Botanical Fingerprint Technology™ for over 800 unique plant reference standards. These authenticated samples serve as the standard by which all incoming raw material is judged.

Using carefully-controlled extraction techniques, we capture the holistic balance of each herb and the value is passed on to you, the consumer, who can be assured that the product in your hand is *authentic, safe, effective, holistically balanced*, and of course...
