*Percent Daily Values (%DV) are based on a 2,000 calorie diet.
†Daily Value not established.

Other ingredients: sorbitol, silica, magnesium stearate, and modified cellulose gum.

Alpha-lipoic acid is a powerful fat- and water-soluble antioxidant. It directly recycles vitamin C and indirectly recycles vitamin E, providing additional antioxidant protection. It is also an important component in the energy production process in the cells. Alpha-lipoic acid may support the normal insulin response and healthy blood sugar levels already within the normal range.*

NOTE: If you are pregnant, may become pregnant, or breastfeeding, consult your health care professional before using this product.
