DIETARY SUPPLEMENT

B-2

RIBOFLAVIN

SUPPORTS ENERGY PRODUCTION*

100 MG • 250 TABLETS

Supplement Facts

Serving Size 1 Tablet

	Amount Per Serving	%DV
Riboflavin (vitamin B-2)	100 mg	5,882%
Calcium	89 mg	9%

Other ingredients: dibasic calcium phosphate, stearic acid, silica, modified cellulose gum, and magnesium stearate.

Vitamin B-2, also known as riboflavin, is a component of two enzymes: flavin mononucleotide (FMN), and flavin adenine dinucleotide (FAD). These enzymes are important in energy production, and are essential for normal fatty acid and amino acid synthesis. Because of their vital roles, cellular growth cannot take place in the absence of vitamin B-2 riboflavin.*

Suggested Use: 1 tablet daily.

NOTE: If you are pregnant, may become pregnant, or breastfeeding, consult your health care professional before using this product.

Do not use if either tamper-evident seal is broken or missing. Keep out of the reach of children.

Suitable for vegetarians and **HYPOALLERGENIC:** contains no yeast, dairy, egg, gluten, corn, soy or wheat. Contains no sugar, starch, salt, preservatives, or artificial color, flavor or fragrance.
